EXECUTIVE SUMMARY

Freshworks is a cloud-based software company that provides AI-powered service software to deliver exceptional customer and employee experiences. Founded in 2010 in Chennai, India, the company offers a range of products, including Freshservice, Freshdesk, and Freshsales, to help businesses simplify their service operations and improve their customer experiences. With over 74,000 customers worldwide, Freshworks is a leading player in the service management industry.

MARKET POSITIONING

Mid-market and enterprise businesses, IT teams, customer support teams, and employee experience teams across various industries, including IT, HR, finance, and more.

BUSINESS MODEL

Freshworks operates on a SaaS (Software-as-a-Service) model, offering its products and services on a subscription-based pricing plan. The company generates revenue through the sale of its software products, including Freshservice, Freshdesk, and Freshsales, as well as through premiums and add-ons, such as implementation and customization services.

KEY OBSERVATIONS

- Trusted by over 74,000 businesses worldwide
- Named a Leader in the 2026 Gartner Magic Quadrant for IT Service Management Platforms
- Partnered with McLaren Formula 1 team
- Freshservice has helped customers achieve 26.63% reduction in average resolution time and 53% ticket deflection rates
- Freshworks has been recognized for its superior combination of built-in AI, usability, scalability, and value

PRODUCTS & SERVICES

Freshservice

Freshservice is an IT service management platform that helps businesses simplify their service operations and improve their employee experiences. It offers features such as incident management, problem management, change management, and IT asset management, all powered by AI and automation.

Freshdesk

Freshdesk is a customer support software that helps businesses provide exceptional customer experiences. It offers features such as ticketing, chat, and phone support, as well as AI-powered automation and analytics.

STRATEGIC CHALLENGES & PAIN POINTS

Complex and outdated service management systems

Many businesses struggle with complex and outdated service management systems that are difficult to use and maintain. Freshworks' products and services help businesses simplify their service operations and improve their customer experiences.

Limited visibility and control over IT assets and services

Freshservice provides businesses with visibility and control over their IT assets and services, helping them to improve their IT service management and reduce costs.

STRATEGIC INSIGHTS

- Freshworks is well-positioned to capitalize on the growing demand for AI-powered service management solutions
- The company's focus on simplicity, usability, and scalability has helped it achieve rapid growth and customer adoption
- Freshworks' partnership with McLaren Formula 1 team demonstrates its commitment to innovation and excellence
- The company's recognition by Gartner and other industry analysts validates its position as a leader in the service management market
